

# HEALTH AND SAFETY AT WORK

## Policy Statement

Crossland Tankers manufacture, refurbish and repair road tankers for the chemical, bitumen, waste, milk & food industries. We are committed to building a prevention culture that contributes positively to ensuring the health, safety and welfare of its employees so far as reasonably practicable and fully accept the same responsibilities for all other stakeholders / third parties entering Crossland Tankers sites (contractors, suppliers, customers, visitors etc.) who may be affected by our activities.

We are continually working towards improving our health and safety performance and providing a workplace that is free from injury and illness. Management at Crossland Tankers will take all steps necessary to ensure that all statutory duties are met at all times. We will endeavour to achieve this by:

- ❖ Complying with all relevant Health and Safety at Work legislation and management standards and any other requirements placed upon the organisation.
- ❖ Establish, implement and maintain a Safety Management System (SMS) that is regularly monitored and reviewed to ensure it remains effective and continually improving.
- ❖ Embed a risk management process that seeks to proactively identify, eliminate or control, and regularly monitor the risk of hazards associated with our activities, workplaces, equipment and facilities.
- ❖ Establish measurable H&S objectives and targets in line with the identified hazards and organisation activities and consult, identify and undertake corrective actions to assist in continual improvement.
- ❖ Ensure consultation is undertaken to allow health and safety issues to be raised and corrective actions implemented.
- ❖ Provide and maintain safe and healthy working conditions, suitable facilities, appropriate plant and equipment required and ensure safe COSHH.
- ❖ Provide sufficient relevant information, instruction, training (including assistance from external competent persons), and supervision required to enable the safe performance of work activities.
- ❖ Ensure all incidents /accidents are responded to and investigated in a timely and effective manner, learn from this and regularly monitor, review and report on H&S performance.
- ❖ Promote a positive health and safety culture by visibly demonstrating our commitment to achieving high standards of health, safety and risk management and maintaining a working environment that is safe for all.
- ❖ Ensure that all employees and stakeholders are aware of their legal obligation to take reasonable care for the health and safety of themselves and of other persons who may be affected by their acts or omissions and ensure they cooperate with us to enable all statutory duties are complied with.
- ❖ Annually review this policy to ensure all objectives are being achieved and revise if necessary, in the light of legislative or organisational changes. Communicate the company Health & Safety at Work Policy to all employees and make available to all stakeholders, members of the public upon request.
